GETTING STARTED

CONNECTING THE NINTENDO® 64 CONTROLLER

To play Tony Hawk's Pro Skater™, connect a Controller to controller socket one located on the front panel of the Control Deck.

If you change the connection during the game, you will need to turn the power OFF to make the connection active.

RUMBLE PAK™/CONTROLLER PAK™

The game, Tony Hawk's Pro Skater, is compatible with the Rumble Pak and Controller Pak accessories. Before using them, read the Rumble Pak and Controller Pak instruction booklets carefully.

Any time you start a game, you will be prompted to insert your Rumble Pak or Controller Pak at that time. If you are not using a Rumble Pak or Controller Pak, you will see a message reminding you that the Rumble Pak or Save/Load features will not be available. Remember, it is important to only switch your Rumble Pak and Controller Pak when prompted to do so.

Note: Tony Hawk's Pro Skater may not be compatible with all 3rd party accessories.

CONTROL STICK FUNCTION

The Nintendo 64 Control Stick uses an analog system to read the angles and directions of its movement. This allows subtle control that is not possible using the conventional + Control Pad.

When turning the Control Deck power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture on the left) when the power is turned ON, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture on the left) then press START while holding the L and R Buttons.

The Control Stick is a precision instrument—make sure not to spill liquids or place any foreign objects into it. If you need assistance, contact a Nintendo Authorized Repair Center.

CONTROLLER PAK MENU

Press and hold Start upon powering up or reset to access the Controller Pak Menu. This will allow you to view and delete game notes from a Nintendo 64 Controller Pak. Follow on-screen instructions to Exit or Delete Notes.

Note: Saved games require 1 note and 11 pages. Saved replays require 1 note and 96 pages.

TONY HAWK'S PRO SKATER™ CONTROLS

MAIN MENU

Choose from the following options to begin playing Tony Hawk's Pro Skater. Using up/down on the Control Pad, choose the type of game you want to play. Press the A Button to start that game. Two Controllers must be plugged in to the Control Deck to play a two Player game.

ONE-PLAYER GAMES

Career Mode: As a pro skater you've got to hit the local spots and try to get your best sessions on videotape. Collect videotapes by attaining the goals shown on the loading screen. These tapes will unlock levels, equipment, and competition invites as the game progresses.

Single Session: Choose a single level and skate an all out two minute session in an effort to set new high scores. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

Free Skate: No time limits, no high scores, no cops, no pressure. Choose a single level and skate as long as you like. Work the obstacles over and over again until your tricks are tight. Only one level will be unlocked at first. You need to unlock the rest of the levels in Career mode.

TWO-PLAYER GAMES

Graffiti: A split screen race to see who can hit more tricks in the environment. "Tag" obstacles with your color by tricking off of them. Steal your opponent's obstacles back with a bigger trick. Whoever tags the most objects in the two-minute session, wins. Tag pipe and pool lips by tricking on them from inside the ramp or pool.

Trick Attack: It's a two-minute free-for-all to see who can skate the best line and rack up the most points. Try introducing your opponent's face to the concrete by running into them.

Horse: It's a one-on-one best trick contest. Bust a single trick, then watch as your opponent tries to beat your score at the same spot. If he or she matches your score, play passes back and forth until somebody bails. Whoever slams gets a letter—first player branded with all letters, loses!

OPTIONS

Choose this to go to the Options menu.

EXTRAS

Select this option to load a previously saved Replay from the Controller Pak or to view the Trick Tutorials that you've unlocked in the game. From this menu you can also see the game and music credits.

THE SKATERS

TONY HAWK

The father of two and husband of one, Tony Hawk is arguably the single most influential skateboarder of all time. Born and raised in the hazy daze of Southern California, Tony has forgotten more tricks than most people learn in a lifetime. His contributions to the sport are endless—most recently, unearthing skateboarding's holy grail by becoming the only person to successfully land a 900°.

Recently, he relocated all his power, originality, and style to Carlsbad, California to show the entire world where he's from and where he's at.

Well, in the last six all-girl events she's entered Elissa has gone undefeated. In this year's springtime classic, The Skatepark of Tampa Pro Contest, she made the cut skating against the big boys. SPOT CHECK—THE GAME LEVELS

Warehouse: Woodland Hills—Practice up in an abandoned warehouse full of ramps, pipes, rails, and gaps. This is the best place to get the basics down before rippin' it up in the rest of the game.

School: Miami—Dumpsters, lunch tables, and long rails. Ahhh... paradise can be found in this deserted school! And don't forget to carve up the pools for some huge air and sweet transfers! Anybody for a game of hoops in the gym?

Mall: New York—Take a little after-hours stroll through the indoor/outdoor mall. This place is filled with huge stair sets and escalators just beggin' to be cleared. Check out the upper level for some killer gaps!

Contest 1: Skate Park, Chicago—You've got three runs to take it out on all of the other pro skaters in the "Windy City Slam" contest. Five judges will score each run based on variety, difficulty, and style. When all is said and done, the top three finishers will receive shiny new medals to wear around their necks.

Downtown: Minneapolis—Dodge traffic and air it out over the fountain in the center court. This is a nice wide-open scene with lots of kicker ramps and fire escapes that make for some insane grind combos. And who said you have to stick to the streets? Rip up everything in sight and try to make it to the roof tops for some serious gaps.

Downhill Jam: Phoenix—Speed. Air. Speed. Air. Speed. Air. Get the picture? This crazy downhill run, set in a river gorge, is the place to be if you're looking for over-the-top speed and

air. Grab the high rails and paths overhead for the scores that'll have even the big boys scratchin' their heads. Did we mention speed and air?

Contest 2: Burnside, Portland—This is the final contest before you make your way to the skate mecca that is San Francisco. The rules are the same as the first contest. Five judges, three runs, ten competitors, three medals. This familiar spot under an Oregon bridge has some killer lines that make for huge points, so get creative and bust out the combos that'll get you that gold.

Streets: San Francisco—Skaters will recognize spots like Hubba Hideout and EMB (R.I.P.) while tourists can stick to Lombard Street and Chinatown. Grind anything and everything and be sure to hit the long rails and tons of gaps along the way. Only the best can tear it up enough to get a final mystery invitation to an enigmatic, not so far off land. Hmmm...

Contest 3—Have you seen him? Yup...and if you thought that thing was cool ten years ago, you ain't seen nothin' yet!
